## Supplemental Needs Trust

Many accident victims are rendered disabled as a result of the injuries sustained. In such cases we undertake to protect the interest of our clients' recovery from the case we are handling, as well as protecting their eligibility for benefits they may continue to receive. Medical care, particularly long term nursing home care paid for by Medicare, comes immediately to mind, but there are numerous other benefits our clients may rely upon that can be protected by establishing a trust known as a **supplemental needs trust**. It can be established by a parent or grandparent or can be established by an order of the court. Our firm is equipped to not only get your recovery if you are injured but set up the mechanisms to allow you to keep your just recovery.
